

## ML Week 5.

**Topics : Neural Nets.**

### Litterature:

[Hands on Machine Learning] chapter 10.

You don't need to understand all the details as some of it can be a bit technical, but try to read through it, and try to get a general idea of what this is all about.

p. 299- 317, 344-353 in Edition 3 of "Hands on ML".

Chapter 11 in the book is for those who want to more in-depth with Tensorflow and NNs (so optional extra).

### Exercises:

Do exercises 1-7.
